

N: With all the love of horses that you have, and making them, did you ever ride?

M: Well, very very little. Uh, when I was a kid actually, I had a friend of, who was a substitute school teacher. She had two horses and I used to go riding with her sometimes, but this was very limited and didn't, I wasn't much of a rider. (laughs)

N: Uh huh, just for a little bit of fun.

M: Yeah, yeah! I liked it, of course, 'cause I liked the horses and everything.
